In pursuit of our goal of being a market leader in terms of quality with cost efficiency, our people and capital resources are committed to using innovative technologies to produce superior products. We have all the latest & modern equipment in our mfg. process which help us in delivering quality products at all the time.

We have installed brand new machines from China & Taiwan for high speed quality production of boxes. With the introduction of this new machines we have total capacity 550 tons per month. We have a factory shed area of 42000 sq.feet & Land area of 70000 sq.ft. with 250 HP power & complete Generator back up. Our factory has 24 hr security, CCTV cameras in place, it is well secured premises.

Dolly Printing & Packaging (I) Pvt. Ltd. will continue to enhance it's role in striving to be a market leader, driven by the emergence of new technologies, a commitment to solve customer's problem and an ongoing effort to make defect free best products, more cost efficient, failsafe and reliable.

In our efforts to better customer satisfaction we believe in the philosophy of **OUTLINE YOUR NEEDS. WE DO THE REST.**

WHY CHOOSE US?

We use FSC Certified paper to make the products.

Our total production capacity is 500-550 tons/month and finishing capacity is 1000-1100 tons/month

Our semi-automatic setup comprises of a carefully selected combination of machines which produces box quality that can compete with a fully automatic plant, at a fraction of the investment, and greater flexibility.

Digital standie is used to communicate the daily dispatch schedule, technological information, training schedules with the staff.

SPECIALIZED MACHINERY

We have installed brand new machines from China & Taiwan for high speed & quality production of boxes.

Machine	Max Speed	Speciality
Corrugation Machine A,B,C, E Flute Fingerless	80 met/ min	Precisely makes flute profiles at higher speed
2 Color Printer Slotter Die Cutter	5000 boxes /hr	Upto 2600 mm length box 1400 x 2600 can be made in 1 piece
2 Color Printer Slotter 900 x 2000 mm	3000 boxes /hr	Small and compact machines for smaller size boxes.
1 Piece Semi Automatic Stitching Machine 2800 mm	2500 boxes/hr	Accurate high speed production
2 Piece Semi automatic Stitching	2500 boxes/hr	No skilled worker required
High speed automatic vertical punching machine 45' x 65'	3500 sheets/hr	Perfect finish with high precision Safe for handling
5 Ply automatic flute laminator 42' x 65'	6000 sheets/hr	Precisely makes 3/5 ply boards.
Semi automatic flap pasting machine	2000boxes/hr	Precise application of glue with pasting unit
4 roller 4 sheet pasting machine with pressing machine	1200 sheets/hr	Refined and precise application of adhesive
Thin blade cutting and creasing with auto feeder	3000 boards/hr	Precise finishing and creasing of boards
2 high speed adhesive making mixers		Precise mixing and blending of adhesive
2 Adhesive circulating units for perfect viscosity of adhesive		Keeps adhesive in required viscosity
Platten die punching, creasing & embossing machine 56" x 76" & 40" x 54"	800 sheets/hr	Large size 56" x 76" platten for any type of box punching
Reel clamp fork lift 3000 kg capacity		Easy loading of reels saves space and helps in proper storage
Seizer lift		Easy loading and unloading of material in & from vehicle

QUALITY

We are ISO 9001:2015 certified. We ensure the highest quality of our products through our own testing equipment:

- ▶ Linux Touch screen Compression testing machine
- ▶ Linux ECT, RCT, FCT fully auto testing machine
- ▶ 2 Linux BS & BF testing Touch screen type
- ▶ Linux & Ubique Digital weighing & Gsm scale
- ▶ Ubique Cob tester
- ▶ US & German made Moisture testing device
- ▶ Imported Calliper tester
- ▶ Imported Solid percentage checking Instrument for adhesive
- ▶ Cutter-Plotter Machine gives 1:1 ratio for accurate printing dimensions
- ▶ Digital Screens on Shop-floor – helps in better management & dissemination of workflow.
- ▶ We have well Equipped Quality testing lab, Compression testing machine, and other Linux testing machines

SUSTAINABILITY

We recognize that our operations have an effect on the environment & we are devoted to continuous improvements in environmental performance particularly :

- ▶ Green Energy – We have invested in a 100KW solar generation unit
- ▶ Reduction in energy consumption – Our architecture is designed to maximise day light utilisation. We use energy efficient LED lighting for post sunset working hours.
- ▶ Sustainable raw material – We use water based inks and food grade adhesives keeping environmental safety in mind.
- ▶ Recycling – We use recycled FSC certified paper along with Prime Virgin kraft paper. All the scrap including paper, board, and plastic is segregated and sent for recycling.
- ▶ Prevention of pollution – We strive to keep our surroundings clean. Smoking in & around the premises is strictly prohibited. We ensure that no burning of waste is allowed in the surrounding area.
- ▶ We use our own trucks for product delivery. We have now switched to CNG vehicles for transport
